Changes to your Trustee Board

Updates on the Fund and how it works

Need help with your pension?

Chair's welcome

Welcome to Pensions News, this year's newsletter from the Trustees of the Nestlé UK Pension Fund (the Fund). In it, we'll help you understand how the Fund is run, who looks after it and what's been going on over the past year.

About your Trustee Board

Recent changes in legislation and governance mean that trustees of all pension schemes must now take on more responsibilities. To carry out these additional duties at the level you'd expect from us, we're increasing the number of Trustees from eight to ten by creating one more position each for a Company Appointed Trustee and a Member Nominated Trustee.

As an existing Member Nominated Trustee was also coming to the end of their term, we ran a campaign to fill two Member Nominated Trustee vacancies this summer. We had a fantastic response and we are delighted to announce that we have reappointed David Baxter and welcomed Tom Nixon to the Board on 1 November. You can meet Tom on **page 5**.

Sadly, we had to say goodbye to Company Appointed Trustee Irene Donaldson who retired in August. Irene had been a member of the Board for seven and a half years, was hard working, diligent and always prepared to challenge when needed. She also brought tremendous energy and enthusiasm to Trustee matters which will be greatly missed. We thank Irene for her considerable contribution to the Board and wish her a long and happy retirement. Irene's departure means the Company must appoint two new Trustees, which they hope to do by the end of 2023.

About your Pensions Team

There have also been personnel changes in the Pensions Team, who look after the day-to-day running of the Fund. After 15 years as Head of Group Pensions UK and Ireland, Andrew White also retired from Nestlé. In his time here, Andrew built a formidable reputation and became widely regarded as one of the leading pensions managers in the UK.

As Andrew begins his well-earned retirement, we're delighted to welcome Michael Clark as the incoming Head of Group Pensions UK and Ireland. Michael brings a broad set of skills and experience to the position and is looking forward to making the experience that members have with their Nestlé pension more engaging. We say hello to Michael and goodbye to Andrew on **page 5**.

As always, we hope you enjoy reading Pensions News.

Looking after your pension

The Fund is managed by a Trustee Company called Nestlé UK Pension Trust Ltd, which has a duty to run the Fund in line with its Trust Deed and Rules and current pensions law. This Trustee Company acts through us, its Board of Directors. We're generally referred to as the Trustees.

Our Trustee Board is made up of Trustees appointed by Nestlé and appointed from our members. The Board is also supported by the wider Nestlé Pensions Team and a range of professional advisers.

What do we do?

As Trustees, we're responsible for overseeing the running of the Fund and safeguarding it on behalf of you, its members. With the help of our advisers, and the Nestlé Pensions Team, we make sure that the Fund's assets are invested appropriately and as securely as possible, and that member benefits are paid correctly and on time.

Changes to your Trustee Board

In the past, our Trustee Board has been made up of four Trustees appointed by Nestlé and four appointed from active and pensioner members of the Fund. We are now increasing this number and we'll soon have a total of ten Trustees on the Board – five appointed by Nestlé and five appointed from members.

With one of our current Member Nominated Trustees' term coming to an end and the aim to have a total of five Member Nominated Trustees on the Board, we've been on the look-out for two more talented members to join the Board as Member-Nominated Trustees.

After running a successful campaign to gain new nominations this summer, we are happy to announce that David Baxter has been reappointed and we've also welcomed new Trustee Tom Nixon to the Board. You can find out about Tom on the next page alongside an introduction to our new Head of Group Pensions for the UK and Ireland, Michael Clark.

As Steve mentioned in his introduction on **page 2**, we've had to say goodbye to Company Appointed Trustee Irene Donaldson, who retired in August this year. This means the Company is now due to appoint two new Company Appointed Trustees by the end of 2023. We'll introduce you to them in next year's newsletter.

Your current Trustees are:

Two new Company Appointed Trustees coming soon

Looking after your pension (continued)

With a new face on the Trustee Board and a new Head of Group Pensions helping to look after your pension, let's find out more about Tom and Michael and say goodbye to Andrew.

Introducing Tom Nixon

Your new Member-Nominated Trustee

We're delighted to welcome Tom Nixon as our new Member Nominated Trustee. Tom works in the Nestlé UK and Ireland Content Studio where,

as Photography and Videography Lead, he and his team create content for Nestlé brands to use in communications and campaigns.

Tom applied for the role of Trustee because he's always been interested in personal finance and pensions. He's keen to motivate members – especially our younger ones – to engage with their Nestlé pension, and hopes to use his background in content delivery to help show them the benefits of saving for retirement.

While Tom recognises that being a Trustee is a huge responsibility, he's looking forward to picking up the skills, knowledge and experience he'll need to play his part in running the Fund effectively.

Introducing Michael Clark

Your new Head of Group Pensions UK and Ireland

Michael brings a broad set of skills and experience to the team, having worked as an actuary developing pension products, an investment banker

and then across various roles at Shell for 24 years, the last seven of which he spent as their Head of Pensions.

Michael's focus at Nestlé Pensions is to make sure that the Fund continues to pay its members the right pension at the right time, and that we manage the investments prudently on behalf of members. He'll also be ensuring that the Pensions Team have the right set of skills and tools to carry out the job of running the Fund effectively.

Discussing making the Fund's member experience more engaging, Michael said: "We have the ambition to make our pension offering even more attractive and keep developing opportunities for members to become more involved with their pensions."

Goodbye to Andrew White

Your former Head of Group Pensions UK and Ireland

We'd like to take this opportunity to say thank you to Andrew White, who retired in June after almost 15 years as Head of Group Pensions for the UK and Ireland

and over 40 years in the pensions industry.

During that time, Andrew helped to increase the scope of the services and expertise the team offers, a move that saw the pensions team double in size. It's now viewed as the gold standard for pensions management and administration by the global pensions team at Nestlé HQ.

Andrew has found it intensely rewarding to have worked with great people committed to helping pension fund members grapple with a such a complex, emotional and life changing subject.

Now that he's retired, Andrew is looking forward to spending more time with his family, re-learning various musical instruments, and going back to painting and writing.

A word from Steve Delo, Chair of the Trustee Board

It's always sad to say goodbye to a valued colleague, and Andrew was no different. His patient, professional and detailed approach resulted in the successful completion of countless complex projects and his work ensured excellent outcomes for the Fund. It has been a privilege to work with him.

However, it's also a pleasure to welcome new colleagues and we're delighted that Michael has joined the Pensions Team as its new lead. We know that great member experience is at the heart of his approach and all of us on the Trustee Board are looking forward to building a strong working relationship with him over the years to come.

After a tough selection process, we're very pleased to welcome Tom to the Trustee Board too – we look forward to working alongside him during his term.

How your pension works

On the next few pages, we'll focus on how your Nestlé pension works. Here's a reminder about how it builds up.

We hope that the more you know about your pension, the more in control you'll feel about your financial future.

In the defined contribution (DC) sections of the Fund, you and Nestlé pay a percentage of your pensionable earnings into your account, which is invested to help it grow. You can choose how you access the money in your account when you retire.

How your pension works – pensions and investment

Investments play an important part in how pensions work. Over the next few pages, we remind you about what investments have to do with your pension and talk about responsible investment.

What do investments have to do with my pension?

As a DC member of the Fund, you'll either have savings in a DC Start or a DC Core account. Whichever account you have, investments play an important part in how your pension works as the amount you'll have at retirement will mainly be determined by:

HOW MUCH YOU
AND NESTLÉ
CONTRIBUTE

HOW YOUR
INVESTMENTS
PERFORM

It's important that you review your investment choices regularly and take the time to think about whether they're right for you.

In DC Core you can invest your DC savings in our Lifetime Pathway (which automatically invests your savings on a designated pathway that's linked to your target retirement age) or you can choose to invest your savings in a range of our Self-select funds.

In DC Start, your savings are automatically invested in the Lifetime Pathway and you can only change this by moving to DC Core.

Find out more about DC investments and the choices you have at [nestlepensions.co.uk/investments](https://www.nestlepensions.co.uk/investments)

DC Chair's Statement 2022

Each year, Trustees of DC pension schemes must, by law, produce a statement setting out how the scheme has met certain standards. This is known as the DC Chair's Statement.

We publish the DC Chair's Statement in July each year, so you can now find the Statement for the year ending 31 December 2022 online.

One of the things it includes is a section on the assessment of the value our DC arrangements offer members of the Fund. In the latest report, the Trustees concluded that our DC arrangements continue to offer good value to members, scoring 4 on a scale of 1 (poor) to 5 (excellent).

How your pension works – pensions and investment (continued)

The money in pension schemes like the Fund is invested to help it grow. Responsible investing is a way of setting an investment strategy that aims to make positive investment returns (that is, to help the money to grow) while at the same time taking into account environmental, social and governance (ESG) issues when making investment decisions.

What are ESG factors?

Do the companies that we are invested in have a positive or negative impact on resources and environment? This can include:

Environmental

- Climate change
- Biodiversity
- Deforestation
- Water consumption

How do the companies that we are invested in treat their employees, customers and community? This can include:

Social

- Employee wellbeing
- Human rights
- Diversity, equity and inclusion
- Supply chain management

Do the companies that we are invested in structure their leadership to allow for accountability and ownership? This can include:

Governance

- Board structure
- Executive remuneration
- Tax fairness
- Bribery and corruption

As Trustees, we believe that ESG factors can have a positive impact on investment returns. And we believe that incorporating these factors into our investment decision-making and practices will lead to better informed decisions about our investments.

You can find more information about responsible investing, our approach to it and information about the Fund's net zero ambition on our new webpage at nestlepensions.co.uk/responsible-investing

Don't forget!

We also produce a yearly Taskforce for Climate-related Financial Disclosures (TCFD) report which includes details of the greenhouse gas emissions and the carbon footprint of the assets we invest in. You can find this report at nestlepensions.co.uk/how-the-fund-is-run

How your pension works – planning for your future

The choices you make today about your pension can have a big impact on your retirement income.

Have you set your target?

Earlier this year, we encouraged you to set a retirement savings target before we sent you your pension statement. That's because knowing how much you'll need to live on in retirement is an important part of planning for your future. It also means you can directly compare your savings target with the figures in your statement to check whether you're on track.

- 1 If you haven't set your retirement savings target yet, why not do it now? Watch our video to find out how at bit.ly/nestle-settingyourtarget – or scan the QR code on the left.
- 2 Once you've set your target, you can log into your online account at nestlepensions.co.uk/login to view your 2023 pension statement and see how your figures measure up.

Pension news

Here's a round-up of the latest news from the world of pensions.

The minimum retirement age is changing

From 6 April 2028, the minimum age that you can access your pension is changing from 55 to 57. This is known as the normal minimum pension age and is set by the government.

So, from 6 April 2028, you'll need to be age 57 or over to start taking money from your pension.

Unless you suffer from serious ill health or your contract of employment says otherwise, you won't be able to access any of your pension before then. You don't have to access your pension at the normal minimum pension age, though – you can leave it where it is until you need it.

Are you missing any national insurance years?

If you're aged 45 to 72, you can buy back any national insurance years you're missing from 2006 to 2016. The deadline to do this is now 5 April 2025, but if you do decide to buy back any missing years, starting now could help spread the cost.

The full new state pension is currently £203.85 a week, but how much you receive depends on how many qualifying full national insurance years you have and whether you were contracted out of the state second pension at any time.

You can find out more at moneysavingexpert.com/savings/voluntary-national-insurance-contributions

Keep your pension safe

To make sure you're keeping your pensions safe, it's important to be aware of scams and make sure you know the warning signs.

Top tips for avoiding scams:

- 1 Reject unexpected offers
- 2 Check who you're dealing with
- 3 Don't be rushed into making a decision
- 4 Get impartial information or advice

You can read more about pension scams and how to protect yourself against them on our dedicated scams information page at nestlepensions.co.uk/pension-scams

Nestlé Pensions has signed up to The Pensions Regulator's Scam Pledge

This means that the Pensions Team is putting even more measures in place to help protect our members from scammers.

Need help with your pension?

The Pensions Team wants to make sure you're getting the most from the Fund and your pension. Here's an overview of some of the help and support they offer.

Find the help you need

Earlier this year, we launched our Pension Spotlight sessions and Pension one-to-one sessions so now it's easier than ever to find the support you need.

Pension Spotlight sessions

Want to get to know your pension a little better? Or perhaps you're close to retirement and need some guidance with your retirement planning? Our Pension Spotlight sessions are here to help.

Booking your place is simple, but if you can't find a date or time that suits you, don't worry – we update them regularly so check back for a session that suits you.

To find out more, or to book your place, go to nestlepensions.co.uk/need-help/pension-spotlight-sessions

Pension one-to-one sessions

If you want an in-depth discussion about a particular topic that's more specific to you, you can book a one-to-one session with a member of the Pensions Team.

Just log into your online account and fill in our form to choose what you'd like to discuss and select a date or time that suits you.

These sessions are popular and slots can get booked quickly, but we release new ones every month.

Log in to your online account and book your one-to-one session at nestlepensions.co.uk/login
