

Pensions News 2024

*An update from the Trustees
of the Nestlé UK Pension Fund*

Changes to your Trustee Board

Updates on the Fund and how it works

Updates from the Pensions Team

Chair's welcome

Welcome to Pensions News, this year's newsletter from the Trustees of the Nestlé UK Pension Fund (the Fund). In it, we'll help you understand how the Fund is run, who looks after it and what's been going on over the past year.

About the Fund

The next full actuarial valuation of the Fund is due as at 31 December 2024 and in the years between valuations, we carry out a funding update to check the 'health' of the Fund.

Our latest update as at 31 December 2023 shows that the Fund retains a healthy funding position. You can read the headline figures of the latest funding update, and how this compares to last year's funding position, on **pages 7 and 8**.

We'll update you on the results of the valuation at 31 December 2024 once it is complete.

We're also keeping a close eye on the carbon emissions of the companies the Fund invests in. Find out where we are in our journey towards our net-zero ambition on **page 10** and on our responsible investment pages at nestlepensions.co.uk/deferred/responsible-investing

About your Trustee Board

Last year, we let you know that we planned to expand the Trustee Board to 10 members – with five Trustees appointed by Nestlé and five appointed from Fund members.

We were delighted to welcome Luke Doubt to the Trustee Board this August as a Company-Appointed Trustee – you can find out more about Luke on **page 5**. We still have one Company-Appointed Trustee vacancy on the Board and we'll update you once this position has been filled.

Building knowledge and working well as a team are critical elements of our job as Trustees. We also take our statutory and governance responsibilities seriously and attend regular training sessions to develop our skills. In June this year, the Trustees attended a workshop focusing on our ways of working, and how we make decisions as a Board – including how to take account of neurodiversity. Further development sessions are planned for December 2024 and June 2025.

About your Pensions Team

After careful review and consideration, Nestlé Pensions have decided it is in the best interests of Fund members to move to a new administration system. This will help make our administration processes more efficient and secure. The Pensions Team is working hard in the background on the large and complex task of moving to the new system, which will take many months. We'll get in touch with you once it has taken place.

Our administration platform isn't the only thing that's moving – the Pensions Team, along with the rest of the Gatwick office, moved from City Place to their new home at Park House South in Crawley. Find out more about the move on **page 13**.

As always, we hope you enjoy reading your Pensions News.

Steve Delo
Chair of the
NUKPF Trustee Board

Useful Fund documents

You can find a range of useful documents in the Member Communications section of the nestlepensions.co.uk/deferred/documents/forms page

If you want to read more about how the Fund is run, you'll find information, alongside the following documents, at nestlepensions.co.uk/deferred/how-the-fund-is-run

- **Statement of Investment Principles (SIP)**

The SIP sets out the main principles that the Trustees use when making investment decisions for the Fund.

- **Implementation Statement**

As part of the Fund's reports and accounts, the Trustees need to show how the investment policies set out in the SIP have been implemented in an 'Implementation Statement'.

- **The Taskforce for Climate-related Financial Disclosures (TCFD) report**

This report sets out our approach to assessing and managing the risks and opportunities related to climate change. Find out more on **page 10**.

You can also ask for copies of the following documents from Nestlé Pensions using the contact details on the **back page**:

- **Schedule of Contributions**

The Schedule of Contributions shows the contributions that employers and members need to pay to fund the promised DB benefits in the Fund.

- **Statement of Funding Principles**

The Statement of Funding Principles sets out our policies on how we finance the Fund so that we can pay all the benefits promised to our members.

- **The Trust Deed and Rules**

The legal document that sets out the rules of the Fund.

- **Annual Report and Accounts**

If you'd like to find out what data the Fund holds about you and how we process it, you can read the Fund's UK personal data privacy statement at nestlepensions.co.uk/deferred/privacy-policy

Looking after your pension

The Fund is managed by a Trustee Company called Nestlé UK Pension Trust Ltd, which has a duty to run the Fund in line with its Trust Deed and Rules and current pensions law. This Trustee Company acts through us, its Board of Directors. We're generally referred to as the Trustees.

Our Trustee Board is made up of Trustees appointed by Nestlé, known as Company-Appointed Trustees, and Trustees appointed from active and pensioner members known as Member-Nominated Trustees. The Board is also supported by the wider Nestlé Pensions Team and a range of professional advisers.

What do we do?

As Trustees, we're responsible for overseeing the running of the Fund and safeguarding it on behalf of you, its members. With the help of our advisers, and the Nestlé Pensions Team, we make sure that the Fund's assets are invested appropriately and as securely as possible, and that member benefits are paid correctly and on time.

Changes to your Trustee Board

In last year's newsletter, we let you know that we were aiming to increase the size of the Trustee Board to ten – five Member-Nominated Trustees and five Company-Appointed Trustees.

Continued changes in legislation and governance mean that trustees of all pension schemes have had to take on more responsibilities. So we could carry out our duties at the level you'd expect from us, we decided to create two new Trustee positions.

We're delighted to share that we've been able to fill the new Company-Appointed Trustee position and welcomed Luke Doubt to the Trustee Board from 1 August 2024. You can find out more about Luke and the skills and experience he brings with him to the role of Trustee opposite.

We still have one vacant Company-Appointed Trustee position and we'll update you once this position has been filled.

Looking after your pension (continued)

Introducing your new Company-Appointed Trustee, Luke Doubt.

As the Beverages Controller for Nestlé Professional Europe, Luke is the financial support to the Swiss team who look after Nestlé's Out Of Home Coffee business across Europe. He works mainly with the Nescafé and Starbucks brands and has been in post since 2021.

Luke has always worked in the food and beverages sector. He first joined Nestlé in 2012, starting in Purina supporting Supply Chain, before becoming UK Business Controller. He also helped bring the Starbucks brand into Nestlé Professional, both here in the UK and across Europe.

Luke hopes to bring the skills he's built up in Finance to his role as a Trustee to ensure the right decisions are made to protect the Fund and serve its members well. He was appointed by the Company in August 2024.

How your pension works

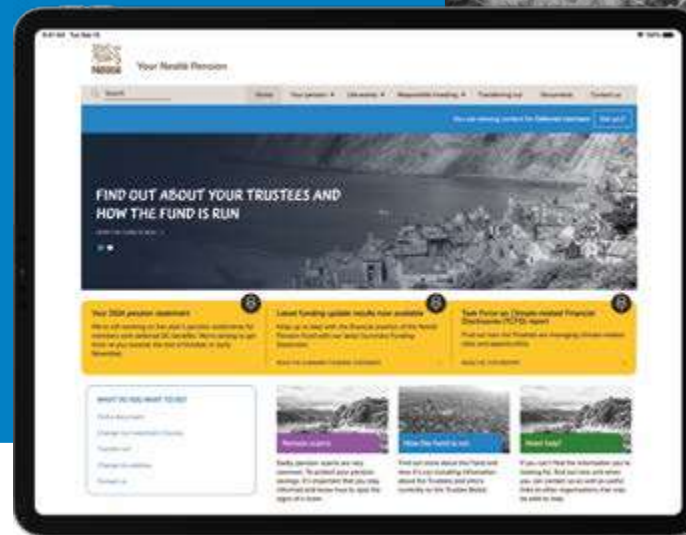

On the next few pages, we'll give you an update from the Fund. You can find out more about how your pension works, how it built up while you were working at Nestlé, and the information you can find on our website. We hope that the more you know about your pension, the more in control you'll feel about your financial future.

Find helpful information on the Nestlé Pensions website

The Nestlé Pensions website has information about how your pension works. It includes details about what actions you might need to take at different life stages – for example, if you're moving house, getting married or divorced or if you're preparing for retirement.

With a dedicated section for deferred members like you, the website is a great place to go if you have questions about your Nestlé pension.

You can find the deferred section at nestlepensions.co.uk/deferred

How your pension works – latest funding update

Measuring and monitoring the Fund's financial health, and making appropriate decisions for the future as a result, is a key part of our job as Trustees.

A full actuarial valuation – or financial health check – of the DB sections of the Fund takes place every three years. This compares the total value of the Fund's assets with its liabilities.

The last full valuation took place as at 31 December 2021 which means the next one will be complete as at 31 December 2024. We'll update you on the results when they are available.

In the years between valuations, the actuary provides a funding update so we can monitor how the Fund's finances are doing. The latest funding update was completed as at 31 December 2023 and you can read the headlines below.

Funding update as at 31 December 2023

Valuation as at 31 December 2021

The Fund's assets were more than its liabilities as at 31 December 2023

● Assets

The money the Fund has available.

● Liabilities

The estimated amount of money the Fund needs to be able to pay the benefits members have already earned.

● Funding level

This shows how much of the Fund's liabilities are covered by its assets.

How your pension works – latest funding update (continued)

What does the chart show?

The chart on **page 7** shows that on 31 December 2023, there was an estimated £130m surplus in the Fund. This represents a funding level of 103%, which is generally seen as a healthy funding position for the future.

Rising interest rates meant that the Fund's assets have fallen significantly since the 2021 valuation, reducing the value of the government- and corporate-bond investments it holds. But higher interest rates also meant that the value of the Fund's liabilities fell too – as the Fund doesn't need to hold as much money now to meet future pension payments. This means the Fund is still fully funded and still has a strong funding position.

While it's important to remember that this summary funding statement is a snapshot, and we expect the financial position to change each year, it has remained relatively stable in 2024 so far.

The next full actuarial valuation is due as at 31 December 2024. We'll update you on the latest funding position when the results are available.

The funding position has remained relatively stable in 2024.

You can read the full version of the latest summary funding statement at [nestlepensions.co.uk/deferred/documents/forms](https://www.nestlepensions.co.uk/deferred/documents/forms)

How your pension works – pensions and investment

Investments play an important part in how pensions work. Over the next few pages, we'll remind you about what investments have to do with your pension and talk about responsible investing.

What do investments have to do with my pension?

Because you were a member of one of the DB sections of the Fund, you don't have to make any investment decisions relating to the benefits you've built up in the Fund. We, the Trustees, decide how to invest the Fund's DB assets with the help of our advisers and the aim of generating returns that will allow us to pay members' benefits when they become due.

As a deferred DB member, the only investment choices you'll need to make will relate to your DC savings. These include any additional voluntary contributions you made or savings over the pensionable earnings cap (if you were a member of DB Core or DB CorePlus).

You can also learn more about pensions and investments in general at moneyhelper.org.uk/en/pensions-and-retirement/building-your-retirement-pot/pension-investment-options-an-overview

How your pension works – responsible investing

The money in pension schemes like the Fund is invested to help it grow. Responsible investing is a way of setting an investment strategy that aims to make positive investment returns (to help the money to grow), while at the same time taking into account environmental, social and governance (ESG) issues when making investment decisions.

Responsible investing

In last year's newsletter, we told you about our new responsible investing pages at nestlepensions.co.uk/deferred/responsible-investing

These pages set out:

- What responsible investing is,
- Our own approach to responsible investing,
- How we manage climate change risk in the Fund, and
- The Fund's net-zero ambition.

Read our TCFD report

You can find out more about the Fund's climate emission measures and targets in our Taskforce for Climate-related Financial Disclosures (TCFD) report at nestlepensions.co.uk/deferred/how-the-fund-is-run

Our net-zero ambition

An important element of our responsible investment strategy is our net-zero ambition. But what does this mean for a pension fund? Pension funds don't manufacture or transport products so our 'direct' carbon emissions are relatively low. However, pension funds invest in companies that do manufacture and transport products (among other things) and so they do have 'indirect' emissions produced by the companies they invest in. We monitor the carbon emissions of the companies we invest in and try to influence those companies to reduce them. Our overall ambition is to reach net zero portfolio emissions by 2050.

Where are we now on our way to net zero?

We've also set ourselves an interim target that by 2027, 60% of the Fund's financed emissions will be from companies with a verified Paris-aligned temperature pathway for shares in publicly traded companies listed on stock exchanges and some other types of assets.

For now, 29% of the financed emissions for the DB section are in companies with a verified Paris-aligned temperature pathway.

How your pension works – planning for your future

The choices you make today can have a big impact on your retirement income.

Have you set your target?

Knowing how much you'll need to live on in retirement is an important part of planning for your future. It also means you can directly compare your savings target with the pension savings you currently have so you can check whether you're on track.

If you haven't set your retirement savings target yet, why not do it now? Read about the Pension and Lifetime Savings Association's retirement living standards to help you understand the target you should be aiming for at retirementlivingstandards.org.uk

What kind of retirement are you saving for?

Time for your Money Midlife MOT?

Your pension savings will play a big part in your future, but we know there's more to your financial wellbeing than just saving for your retirement. You can use MoneyHelper's Midlife MOT tool to help you assess your current financial situation and plan for your future. The Midlife MOT is designed for people between the ages of 45 and 65, but you can use it whenever you want.

Once you've taken your Midlife MOT, you'll get a personalised report that signposts what you could prioritise along with links to guidance on how to improve your financial wellbeing from midlife to retirement.

Take your Midlife MOT at moneyhelper.org.uk/en/everyday-money/midlife-mot

Pension news

Here's a round-up of the latest news from the world of pensions.

The minimum retirement age is changing

From 6 April 2028, the minimum age you can access your pension from is changing from 55 to 57. This is known as the normal minimum pension age and is set by the government.

So, if you haven't already started taking your pension by April 2028, you'll need to be age 57 or over to start taking money from it. There are some exceptions to this general rule, though, for example if you qualify for an ill-health pension or you have a protected pension age. To check whether you have a protected retirement age, get in touch with the Pensions Team using the contact details on the **back page**.

Are you missing any national insurance years?

If you're aged 40 to 73, you can buy back any national insurance years you're missing from 2006 to 2016. The deadline to do this is now 5 April 2025.

The full new state pension is currently £221.20 a week, but how much you receive depends on how many qualifying full national insurance years you have and whether you were contracted out of the state second pension at any time.

You can find out more at [gov.uk/voluntary-national-insurance-contributions](https://www.gov.uk/voluntary-national-insurance-contributions) – but we also like moneysavingexpert.com/savings/voluntary-national-insurance-contributions as it lays out the things you should consider before deciding whether buying back national insurance years is right for you.

Visit MoneyHelper for help with your money

MoneyHelper is a government-backed service that offers free guidance on a number of money-related topics from pensions to financial wellbeing and help with debt. You can find information on the MoneyHelper website or get help over the phone, through a live web chat or in a WhatsApp chat. Visit moneyhelper.org.uk to find out more.

MoneyHelper is also home to Pension Wise, which offers free impartial guidance to help people aged 50 or over understand how they can access DC pension savings.

Visit moneyhelper.org.uk/en/pensions-and-retirement/pension-wise

Keep your pension safe

To make sure you're keeping your pensions safe, it's important to be aware of scams and make sure you know the warning signs.

Top tips for avoiding scams:

- 1 Reject unexpected offers
- 2 Check who you're dealing with
- 3 Don't be rushed into making a decision
- 4 Get impartial information or advice

You can read more about pension scams and how to protect yourself against them on our dedicated scams information page at nestlepensions.co.uk/deferred/pension-scams

Nestlé Pensions is signed up to The Pensions Regulator's Scam Pledge

This means that the Pensions Team has put even more measures in place to help protect our members from scammers.

Updates from the Pensions Team

On the next couple of pages you'll find some useful reminders from the Pensions Team.

Are your details up to date?

It's important that the information we have about you is up to date so we can carry on letting you know about your pension and the Fund.

If you don't update details like your address, your name or your contact information, you might miss out on important information from us.

To let us know of any changes, just go to nestlepensions.co.uk/deferred/life-changes where you can download our Change of Address or Personal Details Form. You can email it back to us at pensions@uk.nestle.com

Don't forget to sign your form – without a signature we can't make any changes to your pension record.

Our new home – Park House

In October last year, Nestlé Pensions moved into our new office at Park House in Crawley.

The new office provides improved facilities and technology for our ways of working both now and in the future.

If you'd like to write to us, please use our new address, which you'll find in full on the **back page** – our email address and phone number remain unchanged.

Updates from the Pensions Team (continued)

Is your Nomination Form up to date?

Keeping your Nomination Form up to date is important because it helps us decide who receives any cash sum we might need to pay out when you die. So, if your circumstances change – for example, if you get married, divorced, or have kids – it's important to make sure your Nomination Form reflects this.

To let us know what your wishes are, download a Nomination Form today from nestlepensions.co.uk/deferred/documents/forms

If you're married or in a civil partnership, your spouse or civil partner could also receive a spouse's pension when you die. If you aren't, or you've been separated for at least two years, we may be able to pay some or all of this pension to a dependant you nominate if they meet the description of a dependant outlined in the Fund's rules.

If you'd like the Trustees to consider a dependant for this benefit, you'll need to complete a Dependant's Pension Nomination Form. You can find this at nestlepensions.co.uk/deferred/documents/forms

Find out more about the benefits your loved ones could receive when you die at nestlepensions.co.uk/deferred/after-you-die or contact Nestlé pensions using the details on the [back page](#).

About your Fund

Here's a breakdown of who else is in the Fund. You can also see the latest DB and DC Fund values.

Who's in the Fund?

What's in the Fund?

● **£249.7M**
Overall DC Fund value

If you'd like to find out more about the Fund's finances, you can ask for a copy of the Report and Accounts by emailing pensions@uk.nestle.com

Note: All figures are as at 30 September 2024. They include additional voluntary contributions (AVCs) investments held on behalf of members, but not any AVCs held with external providers.
